Healthy Soils for Healthy Cities  
6th Year of Partnership with the Food and Agriculture Organization (FAO)  
Organised by Impact Circle

## **ABOUT WORLD SOIL DAY 2025**

World Soil Day (WSD), celebrated annually on 5 December, raises awareness on the importance of healthy soils and promotes sustainable soil management. The 2025 theme, “Healthy Soils for Healthy Cities,” shines a spotlight on the often-overlooked yet critical role that soils play in shaping the livability, sustainability, and resilience of our urban environments.

Healthy urban soils support:

-  Nutritious food production
-  Clean water filtration and storage
-  Cooling and temperature regulation
-  Biodiversity and green spaces
-  Stronger climate-resilient communities

As cities continue to expand, urbanisation brings with it a series of challenges—soil sealing, reduced green spaces, increased pollution, rising temperatures, and pressure on local food systems. When soil is sealed under concrete and asphalt, it loses its natural ability to absorb water, store carbon, support plant life, or regulate microclimates. Over time, this contributes to flash floods, heat islands, declining biodiversity, and a heavier environmental footprint.

This year’s theme is a call to reimagine the future of our cities from the ground up. It urges us to design urban spaces where soils are protected, restored, and integrated into city planning—through parks, green corridors, nature-based solutions, edible landscapes, regenerative agriculture sites, and community gardens. By safeguarding and revitalising urban soils, we are not only nurturing our environment but also investing in healthier communities, stronger local economies, and more climate-resilient cities.

This year marks six years of Malaysia’s ongoing collaboration with the Food and Agriculture Organization (FAO) in advancing the World Soil Day movement — a commitment to raising national awareness on soil stewardship and empowering communities to safeguard this foundational ecosystem.

To deepen this understanding, the 2025 celebration features a special dual-site farm immersion programme at Oasis Herbal Farm and Sky Ladder Pineapple Farm in Port Dickson. This hands-on experience allows participants to learn directly from soil scientists, regenerative agriculture practitioners, and farm leaders who are actively restoring soil ecosystems and strengthening local food systems. From soil microbiome demonstrations to guided farm tours and field-based learning, this programme bridges global soil advocacy with on-ground Malaysian practices.

Whether you are a student, educator, parent, sustainability advocate, or simply curious about where your food begins, this year’s World Soil Day invites you to reconnect with the living foundation beneath our feet — and discover how healthy soils make healthier cities and a healthier Malaysia.

## **DUAL-SITE FARM IMMERSION PROGRAMME**

Oasis Herbal Farm & Sky Ladder Pineapple Farm  
– Port Dickson, Negeri Sembilan.

**Herbal  
Oasis  
Farm**

Experience a full-day regenerative agriculture immersion across two unique farms committed to soil health, biodiversity, and sustainable food systems. This programme is curated to bring participants closer to the ground—literally—while showcasing the real work behind soil regeneration and sustainable farming.

**“DISCOVER THE POWER  
BENEATH YOUR FEET.”**

## 1: OASIS HERBAL FARM

Herbal  
Oasis  
Farm

World Soil Day Celebration 2025  
powered by Impact Circle

7:00 AM – 8:30 AM

Participants depart from Kuala Lumpur for a refreshing farm immersion experience in Port Dickson.

8:30 AM – 9:00 AM

### ARRIVAL & REGISTRATION

Welcome drink (herbal infusion) & Farm safety briefing

9:00 AM – 10:00 AM

### INTRODUCTION TO MEDICINAL & CULINARY HERBS

Led by Stella Kiang, Founder of Oasis Herbal Farm

- Explore a diverse range of herbs, their culinary uses, and their traditional roles in wellness and healing.

10:00 AM – 11:00 AM

### SOIL HEALTH TALK BY DR. TING HO

Soil Agronomist, Regenerative Agriculture Specialist

Founder, Back2Nature Regenerative Farm

- Understanding natural farming and soil microbiome

11:00 AM – 12:00 PM

### GUIDED HERBAL FARM WALK

- Experience the farm's regenerative practices up close and learn how healthy soil directly influences plant vitality.

12:00 PM – 1:00 PM – Lunch

Enjoy a wholesome farm-side lunch with the community.

1:00 PM – 1:30 PM – Transfer to Sky Ladder Pineapple Farm

## 2: SKY LADDER PINEAPPLE FARM

1:30 PM – 2:00 PM – Welcome & Introduction

By Dato' Lee Mok Foong,

Founder of Sky Ladder Pineapple Farm

- Overview of Sky Ladder's pineapple cultivation journey.

2:00 PM – 3:00 PM

### PINEAPPLE FARM TOUR & FIELD EXPERIENCE

- Walk through the pineapple fields, observe cultivation techniques, and enjoy a photo session at the farm's famous Sky Ladder photo spot.

3:00 PM – 4:00 PM

### PINEAPPLE TASTING EXPERIENCE

- Savour fresh-cut pineapple varieties, refreshing pineapple juice, and a showcase of farm-to-table pineapple products.

4:00 PM – 5:30 PM – Departure for Kuala Lumpur

The Organisers reserve the right to alter the content and timing of the programme in the best interest of the event.

## TRANSPORT MEETING POINTS

CHERAS –  
TAMAN MIDAH MRT –  
MCDONALD'S

## FARM VENUE

### HERBAL OASIS FARM

Lot 1419, 4, Jalan Perdana 1,  
71050 Port Dickson, Negeri  
Sembilan.

### SKY LADDER PINEAPPLE FARM

Lot 2273 Jalan Kampung Sri  
Parit 3, Bandar Baru Lukut,  
Port Dickson, Negeri  
Sembilan.

## > REGISTRATION

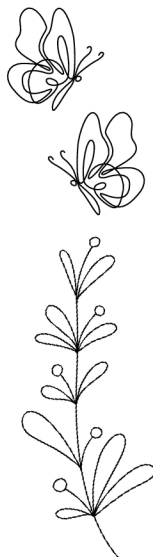

Registration closes on **Thursday 4 December 2025**.  
The registration is considered confirmed upon submission.  
All ticket payments must be done in full by 5 December  
2025 and are non-refundable.
